Red Deer Fencing Club relies on volunteers for a successful fencing program. Funds raised contribute to the costs of our full-time coach's salary, facility rental and maintaining equipment. Competitive and non-competitive fencers are expected to work two volunteer shifts in each term. Competitive members are required to volunteer for each provincial tournament in addition to this. Parents are required to volunteer for their children if the child is younger than 18 years.

Two volunteer commitment cheques of \$100 for each fencer is required. These cheques must **not be dated**, so that they may be kept all season. If your commitment is not fulfilled and you have not made other arrangements, your cheques will be cashed.

**Sign-up for your volunteer shifts when you register for the fencing term.
Registration is the first week of each term.**
